```
{  
  "record_id": "string",  
  "record_type": "LEAD | CONTACT | ACCOUNT | OPPORTUNITY",  
  "activity_type": "CALL | MEETING | EMAIL | FOLLOW_UP | NOTE",  
  "start_time": "ISO-8601",  
  "duration_minutes": 15,  
  "description": "string",  
  "client_request_id": "uuid"  
}
```

Response

```
{  
  "activity_id": "string",  
  "status": "CREATED",  
  "created_at": "ISO-8601",  
  "updated_at": "ISO-8601"  
}
```

Update Activity

PUT /api/v1/activities/{activity_id}

Request

```
{  
  "description": "string",
```

```
"duration_minutes": 20
```

```
}
```

Delete Activity

```
DELETE /api/v1/activities/{activity_id}
```
